

Good Weather Bicycle & Repair

OPPORTUNITY BRIEF

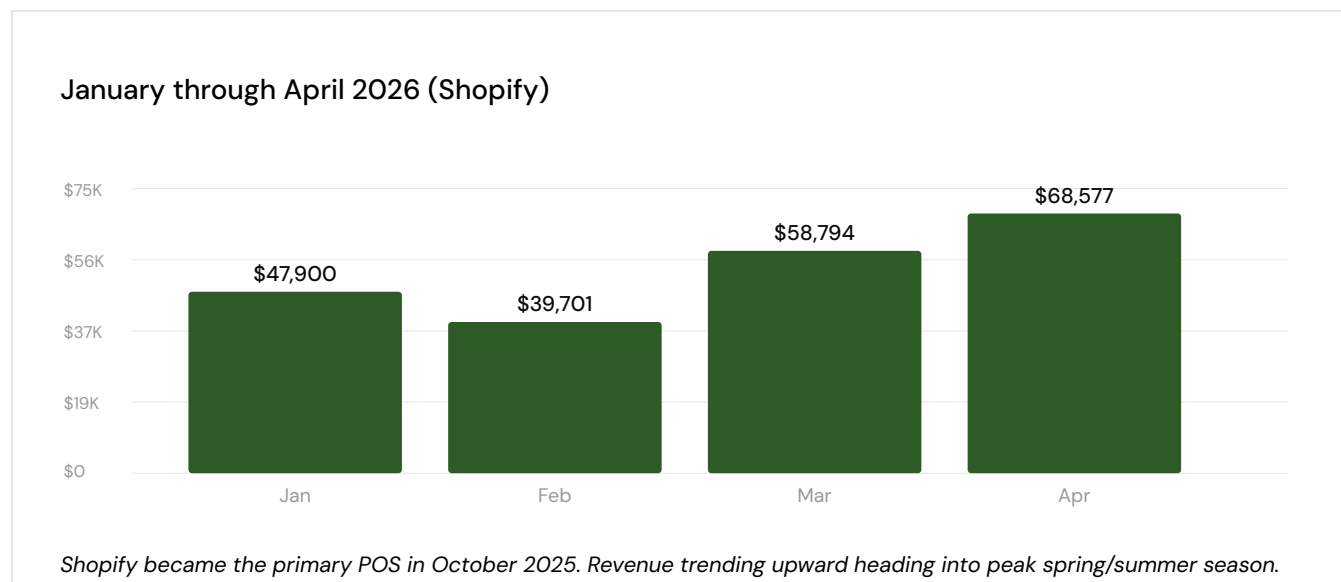

Capitol Hill, Seattle
1423 10th Ave
Est. 2016 · 10 Years
May 2026

After ten years on Capitol Hill, Good Weather Bicycle & Repair is looking for its next chapter. The business currently has no employees. The co-founder who ran the shop day-to-day is stepping away, and we're looking for someone to take over the inventory, brand, and whatever other parts of the business make sense for them. We're open to many deal structures and flexible on what's included.

AT A GLANCE

\$959K 2025 GROSS REVENUE	37% GROSS MARGIN	~\$105K INVENTORY (RETAIL)
4,200+ SHOPIFY CUSTOMERS	~870 SERVICE JOBS (9 MO.)	10 Yrs IN BUSINESS

2026 MONTHLY GROSS REVENUE

April 2025 and August 2025 were the two highest months historically.

Service & Retail

868 service jobs booked over the last 9 months through the shop's scheduling platform. Tune-ups account for about 40% of jobs, quick fixes and minor repairs another 30%, with major repairs, custom projects, and misc labor making up the rest.

Service drives retail. Most parts and accessory purchases happen alongside a service visit. A customer brings in a bike for a tune and leaves with a new chain, tires, lube, or saddle. The two revenue streams are deeply linked.

Online retail ships nationally via Shopify with free shipping over \$150. Complete bikes from Orbea, Omnium, Surly, Salsa, and the house Olallie line.

2025 Financials

\$959K gross revenue (all platforms)

\$874K net revenue (net of sales tax)

\$323K gross profit at 37% margin

The business currently has no employees. The previous operator ran the shop solo for the last several months. Staffing is entirely up to the next operator.

WHAT'S INCLUDED

The Name & Brand Good Weather Bicycle & Repair. Ten years of recognition in Seattle's cycling community. Social accounts, Shopify store, and web presence included.	Inventory ~\$105K in retail inventory (bikes, parts, accessories, wheels) from established dealers. Good Weather branded hubs and wheels included. Option to take over existing Olallie steel frames, which can be painted to spec by the original builder.
Tools & Fixtures 3 full mechanic setups including Park Double electric stands, EVT stands/heads, presses, pullers, and specialty tools. A detailed inventory list is being compiled and will be available within the week.	Dealer Relationships Orbea, Omnium, Surly, Salsa, Specialized, and others. All transferable to the new operator.
Digital Presence 5,800+ Instagram followers. Active Shopify storefront with 4,200+ customers. 272-member community ride group. Established SEO and web presence.	Customer Base 4,200+ customers in the Shopify database. 868 service jobs booked in the last 9 months alone. A decade of relationships on Capitol Hill.

The Space

The shop is at 1423 10th Ave in Capitol Hill, down the ramp at Chophouse Row. The current footprint is approximately 2,400 sq ft at \$4,800 to \$5,400/month including utilities. The landlord is open to negotiating a new lease directly with a new operator for the full space or a smaller ~800 sq ft portion. Tailwind Cafe is next door with a signed lease, providing built-in foot traffic from the cycling community.

We're flexible on what this looks like. The inventory, the brand, the tools, the space, the dealer relationships, the frames. Take all of it or take pieces. We want to find the right fit and we're happy to talk through what makes sense.
